Exam : [920-193](#)

"ncss-business communications manager 50(bcm50)rls.1.0", also known as 920-193 exam, is a Nortel certification. With the complete collection of questions and answers, TestInside has assembled to take you through 115 Q&As to your 920-193 Exam preparation. In the 920-193 exam resources, you will cover every field and category in Nortel Certification helping to ready you for your successful Nortel Certification.

Quality and Value for the 920-193 Exam TestInside Practice Exams for Nortel **Other Nortel Certification** Certification 920-193 are written to the highest standards of technical accuracy, using only certified subject matter experts and published authors for development.

TestInside provide the professional Q&A.

1. We offer free update service for three month.

After you purchase our product, we will offer free update in time for three month.

2. High quality and Value for the 920-193 Exam.

920-193 simulation test questions, including the examination question and the answer, complete by our senior IT lecturers and the Other Nortel Certification product experts, included the current newest 920-193 examination questions.

3. 100% Guarantee to Pass Your Other Nortel Certification exam and get your Other Nortel Certification Certification. If you do not pass the Nortel Certification 920-193 exam (ncss-business communications manager 50(bcm50)rls.1.0) on your first attempt using our TestInside testing engine and pdf file, we will give you a FULL REFUND of your purchasing fee.

use TestInside 920-193 Q&A ensure you pass the exam at your first try.

TestInside professional provide Other Nortel Certification 920-193 the newest Q&A, completely covers 920-193 test original topic. With our complete Other Nortel Certification resources, you will minimize your Other Nortel Certification cost and be ready to pass your 920-193 tests on Your First Try, 100% Money Back Guarantee included!

[Nortel 920-193](#) Test belongs to one of the Other Nortel Certification certified test, if needs to obtain the Other Nortel Certification certificate, you also need to participate in other related test, the details you may visit the [Other Nortel Certification](#) certified topic, in there, you will see all related Other Nortel Certification certified subject of examination.

TestInside Testing Engine Features

Comprehensive questions and answers about 920-193 exam

920-193 exam questions accompanied by exhibits

Verified Answers Researched by Industry Experts and almost 100% correct

920-193 exam questions updated on regular basis

Same type as the certification exams, 920-193 exam preparation is in multiple-choice questions (MCQs).

Tested by multiple times before publishing

Try free 920-193 exam demo before you decide to buy it in Test-Inside.com.

The customer wants to connect two PCs to the Nortel BCM50 to share the Internet connection. Which two hardware configurations will support this installation? (Choose two.)

- A. Nortel BCM50 main unit
- B. Nortel BCM50a main unit

- C. Nortel BCM50e main unit
- D. Nortel BCM expansion unit

Answer: BC

6. There are several utilities available for the Nortel BCM50 in Element Manager. One of these utilities can provide Universal ISDN protocol messages. Which utility can do this?

- A. Reset
- B. BCM Monitor
- C. Ethernet Activity
- D. Diagnostic Settings

Answer: B

7. You are installing and configuring a Nortel BCM50 at a business site. The system needs key code entries. The key code retrieval system for the Nortel BCM50 product family (KRS2) needs two distinct numbers. What are the two required numbers? (Choose two.)

- A. system ID
- B. authorization code
- C. system model number
- D. purchase order number

Answer: AB

8. You are installing a Nortel BCM50 at a larger business site. The basic configuration is required to complete the installation. A basic configuration can be completed using different methods. Which three methods can you use to change the IP address? (Choose three.)

- A. Startup Profile
- B. Element Manager
- C. Telset Administration
- D. Maintenance Console
- E. Norstar Remote Utilities

Answer: ABC

9. You have just installed a Nortel BCM50 with a WAN and LAN interface ports. The Nortel BCM50a and Nortel BCM50e both have integrated routers. The routers need to be configured. Which GUI is intended for this configuration?

- A. Element Manager GUI
- B. Telset Management GUI
- C. Maintenance PC WebGUI
- D. Integrated Router WebGUI

Answer: D

10. A Nortel BCM50 is being installed at a location that needs an increased level of reliability. The system needs protection against AC power interruptions. The system needs to shutdown in an orderly manner in the event of a power failure. Which option will accomplish this?

- A. a battery backup
- B. a surge protector
- C. a smart APC UPS
- D. a portable generator

Answer: C

11. The security capabilities of the Nortel BCM50 are advanced. Nortel recommends changing certain default values after the system is up and running and the operation is verified. After implementation, what does Nortel recommend changing?

- A. account privileges
- B. Nortel support default user

- C. security settings for system
- D. all default system passwords

Answer: D

12. You are installing a Nortel BCM50 main unit. The customer wants to use the Nortel BCM50 to provide DHCP. You must define the DHCP settings on the BCM. Which software and port do you use?

- A. Telnet using any LAN port
- B. router software using the WAN port
- C. Element Manager using the OAM port
- D. communications software via the ATA2 port

Answer: C

13. A Nortel BCM50e has been relocated to a new site. The new site will be utilizing the Integrated Router for Internet connection. Element Manager is the preferred method to manage configuration. The Integrated Router button is under a folder in the Configuration Task Navigation panel. In which folder is the button located ?

- A. WebGUI
- B. Resources
