Exam : [920-196](#)

"BCM 50/200/400 Sales Engineering", also known as 920-196 exam, is a Nortel certification. With the complete collection of questions and answers, TestInside has assembled to take you through 65 Q&As to your 920-196 Exam preparation. In the 920-196 exam resources, you will cover every field and category in Nortel Certification helping to ready you for your successful Nortel Certification.

Quality and Value for the 920-196 Exam TestInside Practice Exams for Nortel **Other Nortel Certification** Certification 920-196 are written to the highest standards of technical accuracy, using only certified subject matter experts and published authors for development.

### **TestInside provide the professional Q&A.**

1. We offer free update service for three month.

After you purchase our product, we will offer free update in time for three month.

2. High quality and Value for the 920-196 Exam.

920-196 simulation test questions, including the examination question and the answer, complete by our senior IT lecturers and the Other Nortel Certification product experts, included the current newest 920-196 examination questions.

3. 100% Guarantee to Pass Your Other Nortel Certification exam and get your Other Nortel Certification Certification.

If you do not pass the Nortel Certification 920-196 exam (BCM 50/200/400 Sales Engineering) on your first attempt using our TestInside testing engine and pdf file, we will give you a FULL REFUND of your purchasing fee.

### **use TestInside 920-196 Q&A ensure you pass the exam at your first try.**

TestInside professional provide Other Nortel Certification 920-196 the newest Q&A, completely covers 920-196 test original topic. With our complete Other Nortel Certification resources, you will minimize your Other Nortel Certification cost and be ready to pass your 920-196 tests on Your First Try, 100% Money Back Guarantee included!

[Nortel 920-196](#) Test belongs to one of the Other Nortel Certification certified test, if needs to obtain the Other Nortel Certification certificate, you also need to participate in other related test, the details you may visit the [Other Nortel Certification](#) certified topic, in there, you will see all related Other Nortel Certification certified subject of examination.

### **TestInside Testing Engine Features**

Comprehensive questions and answers about 920-196 exam

920-196 exam questions accompanied by exhibits

Verified Answers Researched by Industry Experts and almost 100% correct

920-196 exam questions updated on regular basis

Same type as the certification exams, 920-196 exam preparation is in multiple-choice questions (MCQs).

Tested by multiple times before publishing

Try free 920-196 exam demo before you decide to buy it in Test-Inside.com.

Exam : Nortel 920-196

Title : BCM 50/200/400 Sales Engineering

1. A customer who has a small business wants to install a BCM50 system. They have a few digital telephones, but are considering installing a few more. How many digital stations can be supported on the main module?

- A. 8
- B. 12
- C. 16
- D. 32

Answer: B

2. You have designed a network of 10 BCM 4.0 systems for a customer. They want to have all the BCMs authenticate users from a centralized server. What can the customer put in place to accomplish this?

- A. AAA
- B. LDAP
- C. RADIUS
- D. TACACS

Answer: C

3. A customer wants to track when users are logging into their new BCM 4.0 system. They also want to be able to see when a user has failed to login. On the BCM, what allows the customer to see these transactions?

- A. BCM Status Monitor
- B. Active Directory Logging
- C. Auditing of user accounts
- D. Element Manager Console

Answer: C

4. You are designing a new BCM 4.0 network for a customer. They request that all the log files from the BCMs be exported to an external server. Which three methods can be used to transfer log files to an external server? (Choose three.)

- A. Use FTP to transfer the files to an external server.
- B. Use SSH to transfer the files to an external server.
- C. Use HTML to transfer the files to an external server.
- D. Use SFTP to transfer the files to an external server.
- E. On an external server, share a network folder to transfer the files to.

Answer: ADE

5. What is the maximum number of digital sets that can be supported on a DS30 resource?

- A. 16
- B. 20
- C. 32
- D. 48

Answer: C

6. Your client is a small business that has a BCM 400. They want to install a Digital Mobility phone system with

multiple handsets. Which number of channels does the BCM 400 support?

- A. 14 to 126 channels with a repeater
- B. 8 to 64 channels without a repeater
- C. 8 to 64 channels with or without a repeater
- D. 16 to 128 channels with or without a repeater

Answer: C

7. Which two are security enhancements that have been made to the BCM 4.0? (Choose two.)

- A. audit logging
- B. firewall protection
- C. network authentication
- D. centralized authentication

Answer: AD

8. You have designed a multi-node BCM 400 4.0 network for a customer. They want to have central control of user access to the BCMs. How can this be accomplished?

- A. Configure DNS on all BCMs.
- B. Use SNMP to authenticate all users.
- C. Configure a RADIUS server for authentication of all users.
- D. Use NCM to configure all the BCMs with the same user info.

Answer: C

9. Call Detail Recording (CDR) has been set up to capture data from multiple BCM systems. Which statement is true about what happens when the assigned disk space, which was set for CDR, nears capacity?

- A. New files are not captured until disk space becomes available.
- B. The oldest files are automatically deleted until free space minimums are reached.
- C. The oldest files are automatically sent to an archive file until free space minimums are reached.
- D. New files are buffered into a holding file and cannot be processed until disk space becomes available.

Answer: B

10. An administrator of a BCM network wants to have the different BCM systems automatically send Call Detail Recording (CDR) streams to a server. Which functionality will support this requirement?

- A. the 'pull' functionality of CDR
- B. the 'push' functionality of CDR
- C. the 'admin' functionality of CDR
- D. the 'remote' functionality of CDR

Answer: B
